Can you help us build our new bikes?

We've had a delivery of new bikes for our Nursery and Reception Class children to help them get their balance and movement skills going. We need a couple of volunteers who wouldn't mind unpacking them, building them and getting them ready for use! If you can help, just call into the office at any time.

School meals – Muslim pupils

The meat used in school meals is not halal. We have looked back at each pupils' meal choices from last week and spoken to Muslim children who have chosen the "red band" meal options. Parents – please speak to your children to make sure they know which food choices they can and cannot have.

BBC launches free 'digital wellbeing' Own It app for children

It monitors how young people interact with friends and family online and through messaging apps. It uses AI to evaluate a child's mood so it can offer advice or encourage them to talk to trusted adults. The app is designed to offer help and support especially if children are about to share sensitive data or send an upsetting message.

"The digital world is a fantastic place for people to learn and share, but we know many young people struggle to find a healthy online balance, especially when they get their first phones," said Alice Webb, director of BBC Children's, in a statement. She said the app would act as a "helping hand" to guide children into developing good habits when using their first phone and avoid some of the potential pitfalls of digital life.

Download the free app from the App Store or Google Play.
